

# Barrier Systems Market Forecast Statics 2027: Reach \$25.41 Bn, Globally

*Barrier systems are widely used as a safety solution in transport modes, including roadways, railways, and airports.*

PORTLAND, OR, UNITES STATES, August 11, 2021 /EINPresswire.com/ -- Global [barrier systems market](#) size was valued at \$19.1 billion in 2019, and is projected to reach \$25.4 billion by 2027, registering a CAGR of 3.7% from 2020 to 2027. The global barrier systems market was 34,353 thousand units by volume in 2019, and is projected to reach 49,415 thousand units by volume by 2027, registering a CAGR of 4.7% from 2020 to 2027.

Increase in investments in commercial infrastructure would create the need for effective crowd management solutions such as entry & exit, vehicle parking areas, and pedestrian safety. In order to cater to these needs, safety barrier systems such as bollards, swipe gates, guardrails, and drop arms are required, which in turn is expected to accelerate the growth of the global barrier systems market.

Leading market players-

- Lindsay Corporation
- Hill & Smith Barrier
- Walmont Structures Pvt. Ltd.
- Tata Steel Europe
- Avon-barrier
- A-SAFE
- DELTABLOC

- Barrier1 Systems, Inc.
- Gramm Barrier Systems Limited
- Global GRAB Technologies, Inc

#### Covid-19 scenario:

- The Covid-19 outbreak has affected the key market players resulting in halt of production of barrier systems.
- The demand for barrier systems, on the other hand, is anticipated to rise during the outbreak to maintain the norm of social distancing between the people.
- The revenue generated from the roadways segment would experience a decline for a certain period of time as installations of crash barrier systems have been affected during the lockdown.
