

Europe Road Freight Transportation Market Analytical Report with Great Revenue of \$596.92 billion by 2025 | AMR

[163 Pages Research] Europe Road Freight Transportation Market by End-Use Industry and Destination: Regional Opportunity Analysis & Industry Forecast, 2015–2025

PORTLAND, ORAGON, UNITED STATES, August 11, 2021 /EINPresswire.com/ -- As per the report published by Allied Market Research, the [Europe road freight transportation market](#) was pegged at \$394.15 billion in 2015, and is estimated to reach \$596.92 billion by 2025, growing at a CAGR of 6.5% from 2020 to 2025.

Surge in focus of manufacturers and retailers on core competencies, rise in trading activities due to globalization, and development of the e-commerce industry have boosted the growth of Europe road freight transportation market. However, risk toward goodwill of manufacturers and lack of control of manufacturers on logistics service hinder the market growth. On the contrary, cost-cutting & lead time reduction owing to adoption of the multi-modal system, strategic partnership with end users, and increase in use of IT solutions & software are expected to open lucrative opportunities for the market players in the future.

Covid-19 scenario:

The Covid-19 outbreak resulted in flight cancellations, travel bans, and quarantines, which disrupted the supply chain and logistic activities across the globe.

The Covid-19 pandemic directly affected the logistic companies that are involved in the movement, storage, and flow of goods.

The prolonged lockdown across Europe hampered the road freight transportation industry due to decline in the business with closure of national & international borders.
