

Texas US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran with Lung Cancer in Texas Who Also Had Navy Asbestos Exposure to Call Attorney Erik Karst of Karst von Oiste-Compensation May Exceed \$100,000

FORT WORTH , TEXAS, USA, October 7, 2021 /EINPresswire.com/ -- The Texas US Navy Veterans Lung Cancer Advocate is urging the wife or adult son-daughter of a Navy Veteran in Texas who has just been diagnosed with lung cancer to please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 if while in the navy he had significant exposure to asbestos on a navy ship, submarine or at a shipyard prior to 1982. Financial compensation for a person like this might exceed \$100,000, the claim does not involve suing the navy and it does not matter if the person smoked cigarettes. www.karstvoniste.com/

The Advocate says, "If your loved one had significant exposure to asbestos in the navy or at work and they have just been diagnosed with lung cancer in Texas please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 to discuss what might turn out to be significant financial compensation. It does not matter where in Texas you live. What does matter is you get compensated if the person we have described sounds like is you." www.karstvoniste.com/

The Texas US Navy Veterans Lung Cancer Advocate's free services are available to people with

asbestos exposure lung cancer or mesothelioma in Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, Corpus Christi, Plano, Laredo, Arlington or anywhere in Texas.

<https://Texas.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Texas include Veterans of the US Navy, a civilian employee at Ford Hood, Fort Bliss or Lakeland Air Force Base, a power plant worker at one of Texas's dozens of nuclear or conventional power plants, an oil refinery worker at one of Texas's

numerous oil refineries, oil rig workers, chemical plant workers, shipyard workers, factory workers, public utility workers, plumbers, electricians, auto mechanics, welders, millwrights, insulators, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad

fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvoniste.com/
