

# Oklahoma US Navy Veterans Lung Cancer Advocate Recommends Attorney Erik Karst of Karst von Oiste to Make Certain a Navy Veteran with Lung Cancer in Oklahoma Gets Compensated if He Had Navy Asbestos Exposure

OKLAHOMA CITY, OKLAHOMA , USA, October 8, 2021 /EINPresswire.com/ -- According to the Oklahoma US Navy Veterans Advocate, "If your husband or dad is a Navy Veteran with recently diagnosed lung cancer anywhere in Oklahoma and he was exposed to asbestos prior to 1982 in the navy- please call attorney Erik Karst of the law Karst von Oiste at 800-714-0303. Financial compensation for a person like this might exceed \$100,000 and the financial claim does not involve suing the navy. Erik Karst can explain this to a Navy Veteran like this because he is one of the nation's leading authorities on this topic.

"We want a Navy Veteran with recently diagnosed lung cancer in Oklahoma who prior to 1982 had heavy to extreme exposure to asbestos in the navy to know-most people like you never get compensated not because they do not qualify for compensation-

but because they are unaware the \$30 billion dollar-asbestos trust funds were set up for people like you too.

"If you are a Navy Veteran with recently diagnosed lung cancer in Oklahoma and you had significant exposure to asbestos in the navy in the 1950s, 1960s or 1970s please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303 to discuss compensation. A compensation claim like this might be worth \$100,000+."

Important Note from the US Navy Veterans Lung Cancer

Advocate: “If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact. Frequently compensation for people like this might exceed \$100,000.” <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer in Oklahoma. [www.karstvonoste.com/](http://www.karstvonoste.com/)

For more information about asbestos exposure please visit the NIH's website on this topic: <https://www.cancer.gov/about-cancer/causes-prevention/risk/substances/asbestos/asbestos-fact-sheet>.
