About the Mostly Medicaid Never Ending Medicaid Conference

=====

The Never Ending Medicaid Conference occurs bi-monthly throughout the year to provide important knowledge and education about key topics in the Medicaid and HHS space. Sessions are a mix of news discussion and focused topics, including some long form sessions punctuated with shorter segments. Registration is always free.

About Mostly Medicaid

=====

Mostly Medicaid reaches thousands of Medicaid industry professionals, decision makers and influencers with its thought leadership publications and information sharing products. We also provide marketing and strategy consulting services for companies in the Medicaid industry, as well as premium educational content to enhance expertise for industry professionals. Mostly Medicaid offers a unique value in the Medicaid industry by focusing on data-driven business perspectives rather than policy-only or advocacy-only positions.

We began with one simple concept in mind - think of Medicaid as a massive industry. Besides the healthcare services provided to Medicaid enrollees, there are hundreds of thousands of people that process claims, build software, consult with hospitals - just to name a few segments. Those people need services and products to help them do their jobs, increase their revenues and improve their skills.

And that's where Mostly Medicaid comes in. We are uniquely positioned to reach influencers across all segments and provide them with actionable information and recommendations. We have built a brand with 10,000 Medicaid industry professionals who trust us to bring non-biased information to them.
