The fruitful relationship between Sprinkles Media and Ricky Zollinger Media was successful from the start.

Zollinger wasn't satisfied with the current state of his site. After all, this was supposed to be the calling card of a rockstar videographer. He realized that the existing brand didn't represent him or the company's values effectively enough.

That's where Sprinkles Media comes in.

"Ever since working with Jess and Tyler, it's crystal clear what RZM's values are, where we came from, and where we're headed."

The team at Sprinkles Media built a rapport with Zollinger, taking into account every detail about brand voice, image, and mission. From there, the groundwork for the crucial rebrand began.

Sprinkles Media: More Than a Marketing Agency

Led by CEO Jess Park and CMO Tyler Eisenhart, Sprinkles Media is a full-service digital marketing agency offering a holistic marketing service approach.

What does this mean for clients?

It means Sprinkles Media not only gives social media marketing strategies and advertising tips and tricks.

Sprinkles Media's holistic philosophy translates to a bevy of different services. They offer search engine optimization (SEO) marketing, email marketing, and [in-depth digital marketing campaigns](#) to drive web traffic and consumer engagement.

Need an effective email marketing campaign for your tech company? Looking for a comprehensive product launch, complete with social media posts, proper search engine optimization, and crucial data from Google and Bing? Sprinkles Media takes all of these digital marketing services and presents them to the client with efficiency and panache.

With years of digital advertising, SEO, and website marketing experience, Sprinkles Media's

founders have gone out of their way to create a digital marketing agency that caters to the client's needs while ensuring growth and delivering results.

Sprinkles seemingly does it all, including offering business and marketing advice and news via their website blog, aptly titled 'The Confectionary.'

Digital marketing, search engine optimization, leadership, and effectively growing your brand online; Sprinkles's Confectionary has a ton of digital marketing 'treats' to offer its audience.

And perhaps above all else, the digital marketing startup dedicates time and energy toward building a meaningful and long-lasting bond with clients and customers.

"At the end of the day, it's about what the client wants, not what we want. Our success comes from seeing our clients fall in love with their new brand," says Park.

Overall, it seems like revamping your website or taking advantage of a large social media following with Sprinkles Media can be a rewarding experience in and of itself.

What's Next for Sprinkles Media?

Since the 2021 launch, Sprinkles Media acquired numerous high-profile clients to increase brand awareness and customer engagement. However, the early success has Eisenhart focused more than ever on the company's mission of partnering with the client to achieve meaningful results. "At the end of the day, it doesn't matter what we like or think will perform best. The numbers will speak for themselves."

And for the digital marketing specialists, the numbers have a lot to say.

Sprinkles Media is a digital marketing startup launched in January 2021. Sprinkles Media offers a comprehensive, holistic marketing approach.

Whether you're a startup looking for success or an established company in need of a social media boost, Sprinkles Media helps you achieve all your digital marketing and advertising needs.
