

Product Safety Leadership Program Features a “How To” approach for Managing Issues

Virtual program consists of 9 individual webinars between Sept. 23 and Oct. 5. Individual tuition for program reduced to \$3,400 thanks to grant from Amazon

ST. LOUIS, MISSOURI, U.S.A. , August 16, 2021 /EINPresswire.com/ -- [A new education program](#) designed for consumer product safety professionals features academic instructors and established leaders in consumer product companies explaining to program participants how they met challenges in their careers and went on to succeed.

“Product Safety Leadership in Practice” has been designed and offered by Saint Louis University’s Emerson Leadership Institute in cooperation with ADK Information Services. The program takes place in 9 webinars beginning on September 23 and ending on October 5, 2021. The program tuition has been reduced by \$1,500 for each participant through a grant from Amazon.

Saint Louis University home of product safety management education
