

PhD Studies as a Self-Investment

DUBAI, UNITED ARAB EMIRATES,
August 16, 2021 /EINPresswire.com/ --
Why people choose to further their
[education](#)? Choices and preferences of
students of the courses they are going
to pursue also depends on the
demand of job they desire. In most

organizations, senior roles or promotions are often tied to a higher degree such an MBA or a masters. We realize that career advancement, recognition of expertise, for someone – an increase in salaries and capital growth. Investing in one's own development is an increase in social status. People anticipate that having an MBA will make them a boss and compensated with attractive packages. Moving up the ladder involves a lot of hard work and this is where the mismatch between expectations and realities happen. Education is critical to your survival. The reason is not only personal growth, as Benjamin Franklin said:.... Education is an investment in yourself. One that can pay you more dividends than anything you will ever invest in.
