

Turn Growls and Moans from Pandemic Protocols to a Paycheck

Job seekers find fun times at Kansas City's Beast and Edge of Hell Haunted Houses

KANSAS CITY, MISSOURI, UNITED STATES, August 16, 2021

/EINPresswire.com/ -- The pandemic has driven whines and whimpers and many dull days and nights limiting opportunities to get out to make money and have fun. However, the call to work at the [Beast](#) and [Edge of Hell](#)

Haunted Houses, located in Kansas City's West Bottoms, offer a venue to kill two birds with one stone, so to speak. The combination of employment and fun are the standard for those working at these nationally recognized haunts. Auditions will be held on August 18 and August 26 at the Beast from 6-8 pm.

We do what we have to do to open safely while creating a fun place to work and experience”

Edge of Hell, Beast, and Macabra Cinema are mega haunts that operate on multiple floors within mammoth, nineteenth-century buildings. In their 47th haunted house season, the haunt operators are taking applications for hundreds of positions, including ticket attendants, cashiers, technicians, operational staff, concessionaires, security, screeners, parking lot attendants, and more.

Operators are planning to primarily be opened on weekends from September 10 through November 13.

These haunt professionals don't take the scaring business lightly. Last season, Beast and Edge of Hell Haunted Houses opened with pandemic protocols to keep employees and visitors safe. For the first time in over 40 years of operations, protocols included everyone masking up. It was a creative challenge for the scare cast to incorporate a protective-health mask with their costumes, yet the scare professionals went all out and are required to wear protective masks again in 2021.

Applicants must be at least 16 years old, have a valid driver's license and another form of identification, and pass a background check. Full Moon Productions rigorously screens qualified applicants and is an equal opportunity employer. Visitor masks must be protective-health masks that are not mistaken to be costume masks to ensure there isn't confusion between cast and patron.
