*The Business Research Company's Search Engine Optimization Services Global Market Report 2021: COVID-19 Impact And Recovery*

LONDON, GREATER LONDON, UK, August 17, 2021 /EINPresswire.com/ -- According to the new market research report 'Search Engine Optimization Services Global Market Report 2021: COVID-19 Impact And Recovery To 2030' published by The Business Research Company, the [search engine optimization services market](#) is expected to grow from \$46.66 billion in 2020 to \$50.45 billion in 2021 at a compound annual growth rate (CAGR) of 8.1%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$103.24 billion in 2025 at a CAGR of 20%. Rising penetration of mobile, tablet and other electronics and rising data consumption will drive the web content, search portals and social media market.
