The recognition from Inc 5000 this year is a huge milestone for the company and testament to all the hard work, commitment, and passion of my team”

Kiran Kodithala, CEO, N2N Services Inc.

“I started N2N Services Inc. ten years ago with a vision to make data integration turnkey and affordable. We would have never predicted that this naïve vision would transform higher education, processing million transactions a day. The recognition from Inc 5000 this year is a huge milestone for the company and testament to all the hard work, commitment and passion of my team” said Kiran Kodithala, Founder, President, and CEO of N2N Services Inc.

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-

year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at <https://www.inc.com/inc5000/2021>. The top 500 companies are featured in the September issue of Inc., which will be available on newsstands on August 20, 2021.

"The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of Inc.

"Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people."
