ATLANTA, GEORGIA, USA, August 17, 2021 /EINPresswire.com/ -- Inc. Magazine today revealed that [Radix Health](#), provider of patient access technologies, ranks No. 52 on its annual Inc. 5000 list as well as top 5 amongst Georgia-based companies. Companies are ranked based on the percentage of growth of their annual revenue over a three year period.

This prestigious list of the nation's most successful private companies has become the hallmark of entrepreneurial success and the place where future household names first make their mark.

“

Radix is proud to be included in this prestigious list of the fastest-growing private companies in America.”

*Arun Mohan, CEO and co-founder of Radix Health*

Today, the list is a distinguished editorial award, a celebration of innovation, and a network of entrepreneurial leaders. Inc. also ranks the fastest-growing companies by industry, metro area, revenue, and number of employees, and also highlights women and minority-run companies.

“Radix is proud to be included in this prestigious list of the fastest-growing private companies in America,” said Arun

Mohan, CEO and co-founder of Radix Health. “Our team goes above and beyond to help our clients deliver an exceptional patient experience and being an honoree of the Inc. 5000 list drives home that we are making a difference in our market.”

“The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever

compiled,” says Scott Omelianuk, editor-in-chief of Inc. “Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we’ve lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people.”

Radix Health was also honored earlier this year as a [top U.S. startup employer](#) by Forbes and as one of the [fastest-growing companies in Atlanta](#) by the Atlanta Business Chronicle. The company recently announced its merger with Relatient, the leading SaaS-based, patient engagement platform. Through the merger, Relatient will add Radix Health’s suite of cutting-edge, enterprise-grade patient access solutions to its existing platform to continue to optimize provider schedules, increase patient satisfaction and improve outcomes for healthcare organizations.
