According to U.S. home furniture and bedding market analysis, on the basis of product type, the

cupboards segment was valued at \$11,538.66 million in 2019, and is projected to reach \$18,807.68 million by 2027, registering a CAGR of 6.05% from 2021 to 2027.

This is attributed to increase in spending power of consumers, improvement in lifestyle, and launch of innovative cupboards with elegant designs are expected to increase their demand. Furthermore, increase in preference toward smaller homes and apartments due to hike in land prices & rents is likely to boost the demand for customized cupboards.

According to U.S. home furniture and bedding market forecast and trends, on the basis of sales channel, the online segment is estimated to reach \$88,662.14 million by 2027, exhibiting at a CAGR of 3.06%, due to increase in adoption of various online portals for furniture shopping and rise in number of offers or discounts provided by these sites, which attracts a large consumer base to purchase home furniture through online channels. Moreover, online sales channels have increased consumer reach, owing to which it has evolved as a key source of revenue for many companies.

Furthermore, the online sales market is expected to expand in the future, owing to rapid adoption of the e-commerce platform by consumers and furniture manufacturing and retail companies and technical improvements in online selling platforms such as chatbots, voice assistants, augmented & virtual reality, blockchain technology, and drones & droids. For instance, chatbots is new virtual support service drones & droids are next level delivery systems.

However, increase in cost of raw material owing to stringent laws and conditions imposed by the U.S. government under State Forestry Laws, is likely to hinder the U.S. home furniture and bedding market growth during the forecast period. Forestry Law relates to all statutes and regulations that deal with the preservation of forests and parks, Forestry Law relates to all statutes and regulations that deal with the preservation of forests and parks, reforestation activities to ensure the sustainability of the nation's lands, and the prevention of illegal logging activities. These laws derive from both federal and state sources. Other than wood as raw material for furniture, steel, glass, plastic and fiber has been gaining considerable traction among the people owing to benefits associated such as long durability, more aesthetic appearance and environment friendly.

The players operating in the U.S. home furniture and bedding industry have adopted product launch and business expansion as their key developmental strategies to expand their market share, increase profitability, and remain competitive in the market.

The key players profiled in this report include:

- Steelcase
- HNI Corporation

- Herman Miller
- Sleep Number Corporation
- La-Z-Boy Inc.
- Tempur Sealy International Inc.
- Serta Simmons Bedding LLC
- Sauder Woodworking Company
- Ashley Furniture Industries
- Hooker Furniture Corporation
