

Denver City Movers Releases In-Depth Research about Top 10 States where Home Prices Increased in 2021

Since May, there has been an increase as high as 27.8% for single-family homes across the United States.

DENVER, COLORADO, UNITED STATES, August 18, 2021 /EINPresswire.com/ -- Denver City Movers is pleased to announce the release of its in-depth article that highlights the top 10 states which saw the highest increase in home prices this year.

Denver City Movers is one of the top local & [long-distance moving services in the Denver](#) area. The company is renowned for its proven track record and superior customer service that has supported hundreds of individuals and families during their local and long-distance relocations.

Recently, Denver City Movers has released an extensively researched article about the [top 10 states where home prices increased the most in 2021](#). In the article, Denver City Movers paints a very clear and well-documented picture of the current housing market and includes a number of relevant research and topics for discussion.

“According to Zillow Home Value Index, in the last year there has been an increase as high as 15% for single-family homes across the US since last May,” says founder of Denver City Movers, Alexander Ware. “What’s shocking, however, is that states like Idaho, Arizona, and Utah saw increases of up to 27.8%. This is critical information that homeowners who want to relocate need to be aware of.”

In the article, Denver City Movers also discusses other key topics of interest, including:

- States with least expensive increases for single-family homes
- States with increases for one-bedroom homes
- What happens to home prices when there is a housing bubble
- And more
