Among air-to-surface missiles, surface-to-air missiles, smart bombs, sensor fused bombs, directed energy weapons, precision artillery munitions, electromagnetic pulse weapons, smart bullets, and other types of smart weapons, air-to-surface missiles holds the highest market share. Air-to-ground missiles are advantageous in terms of targeting from a distance and off the range of the targets air defenses. However, other weapon that includes unmanned aircrafts and drones is the fastest-growing sub-segment.

North America is the highest revenue generating region and is expected to maintain its dominance throughout the forecast period. Nonetheless, Asia-Pacific is estimated to be the fastest growing region due to an increase in the security threats, border breach, and conflicts with the neighboring countries in the region.
