

# AMI Healthcare and GAD International Announce Hospital Management Partnership

BOSTON, MA, UNITED STATES, August 19, 2021 /EINPresswire.com/ -- Today, [AMI Healthcare](#) Group, Inc. ("AMI") and [GAD International](#) company ("GAD") signed a Memorandum of Understanding to establish a Strategic Partnership for the operation and management of hospitals and healthcare facilities in the Middle East, principally in the Kingdom of Saudi Arabia, the State of Kuwait, the Kingdom of Bahrain and the United Arab Emirates.

AMI and GAD will collaborate to address the growing need for high quality management services and healthcare delivery throughout the Middle East, principally focusing on turn-key management of small, medium, and large capacity hospitals. Through their collective experience and resources, AMI and GAD will provide a comprehensive list of services, including but not limited to subject matter expertise and smart technology integration. This will allow both companies to deliver better outcomes for patients, achieve efficient and profitable operations, and apply best practices throughout every process using proven quality standards.

"We at AMI believe that our many years of global healthcare management experience, our resources, and our international base of subject matter experts, gives us the ability to tailor our service delivery to the customs and cultures of the international locations in which we work, and will provide the quality and outcomes that we aim and expect to deliver," said Joachim Kriegel, President and CEO of AMI Healthcare Group, Inc. "Our new partnership with GAD International brings together like-minded companies that seek to achieve and maintain excellence in service delivery. I am looking forward to our future collaborations."

"With a shared commitment to transforming healthcare and providing seamless access to 'state-of-the-art hospitals' and healthcare facilities that will include special services and ambulatory care, we at GAD-International are thrilled to have entered into a Memorandum of Understanding with AMI," said Dr. Ghannam Al-Dossari, Founder and CEO of GAD International.

Having an international presence with offices in KSA, Bahrain and Houston, Texas, GAD looks forward to combining their expertise in Healthcare and Healthcare Management to create a long-term strategic partnership with AMI to offer best-in-practice services, cutting edge innovation, and unparalleled quality of care in the GCC region.

AMI  
Healthcare  
Hospital  
Management

AMI is a well-established healthcare management company and well known to the GCC region. This partnership will be of a great benefit to the hospitals in this region.

About AMI Healthcare Group, Inc.

AMI Healthcare Group is a Delaware corporation that provides turnkey solutions in hospital design, build, and operation, specifically focusing on healthcare consulting, hospital commissioning, and the management of hospital and healthcare facilities in accordance with Joint Commission International ("JCI") standards. AMI principally focuses its operations on the Middle East, Asia and Africa, but works with key personnel largely based in the United States, Europe, and the Middle East to bring state-of-the-art technology and subject matter expertise that are individually tailored for each individual project.

AMI adapts to the needs and demands of the healthcare industry and uses its longstanding experience and unique international approach to effectively provide efficient and transformative healthcare solutions for its clients.

About GAD International company:

GAD International is a healthcare facility management company under KSA Law established in 2019 by world renown cardiothoracic surgeon, Ghannam Al-Dossari, M.D., MBA.

Dr. Al Dossari's innovative healthcare leadership practices aim to provide an improved healthcare delivery system with a focus on a quality and efficiency model offering a wide range of highly professional and value-added services that meet the requirements and the specific needs of the diverse public and private healthcare sectors.

Healthcare facilities management requires a lot of coordination and planning. Whether it's new construction, or remodeling and updating your facility with new equipment, you need a reliable and resourceful company to provide expertise in accordance with industry standards.

At GAD International, a custom, streamlined process is designed to help meet your timelines while minimizing disruption, and allowing you to stay focused on what matters most.

Our hospital management team is based on a highly qualified local and international expertise (planning, medical design, clinical and bio-medical engineering, facility management, project management, construction management) and on international partnerships with healthcare providers, suppliers of healthcare technologies and medical devices.
