

# WATCHOUT announces the launch of a confronting global public information campaign

*We make amazing, unique products. But it's so much more important to get vaccinated, than to use our products.*

TEL AVIV, ISRAEL, August 23, 2021  
/EINPresswire.com/ -- [WATCHOUT](#) today announced the launch of a confronting global public information campaign.

WATCHOUT explained that the purpose of the campaign was to utilise accurate, confronting, sometimes humorous statements, to persuade more people to better protect themselves against COVID-19.

And that the main way to accomplish personal protection was by being vaccinated. Indeed, WATCHOUT has gone so far as to declare: "We make amazing, unique products. But it's so much more important to get vaccinated, than to use our products."

For adults, our WATCHOUT BANDS offer the ultimate convenience for people on the go.

And our WATCHOUT WAND is the worlds' first combined UVC light and fine mist atomizer to clean any type of surface including many that can't easily be wiped.

WATCHOUT is dedicated to creating unique, cutting-edge products for the challenges of a new world.
