Brit Star

Powered By British American International Profession And Trade Organization – Brit Star Online Education Provides Excellent Teaching Learning Facilities for Kids, Teenagers & Adults through Mobile Application & Web Portal.

Features of Brit Star:

- Play-Way Learning Techniques
- Educational Games and Cartoons
- Live Online Classes & Video Classes
- Different Courses, Languages & Miscellaneous Subjects

HOW IT WORKS

- **Webinar:** A webinar is an educational, informative or instructional presentation that is made available online, usually as either video or audio with slides.
- **Online Testing:** Online training help trainers to remember and retain information provided through interactive course material such as through online videos, movie clips, online quiz, and many more.
- **Offline Training:** BAIPTO comes with feature of offline training to enhance social interaction between trainers and learners. Offline training helps trainers to put their point across each student more conveniently.
- **Video Courses:** To add life to E-learning and make it more engaging for trainers and learners, BAIPTO has introduced video courses as well. Such feature increases learner's retention and participation.

We invite educational Institute, Training Centre, Trade and Professional Organization to become our affiliates and deliver our courses worldwide or join us for Endorsed Learning Programs (ELP) to get recognized and deliver world class training and education.
