Many content options are available at no charge; others become available once a parent signs his or her child up. A second exciting option is the South [Fremont](#) preschool page. Availability may become limited at that face-to-face location as families are filling those spots quickly. Thus the company is not only announcing its continuing commitment to online Montessori preschool and kindergarten options but also its commitment to face-to-face preschool options Fremont, Danville, and Dublin California.

FINDING THE BEST PRESCHOOL AND KINDERGARTEN PROGRAMS ONLINE AND IN FREMONT, DANVILLE, AND DUBLIN

Here is the background on this release. The Pandemic has created a challenging environment for both students and parents. For preschool and kindergarten students, finding the best preschool means finding one that is not only fun but action-packed with learning. The Montessori method makes learning fun and builds on “hands on” techniques to encourage foundational STEM skills. Often, the children love learning so much it just becomes plain fun! The company has worked hard on both their virtual and online programs for both preschool and kindergarten students. As for parents, finding an online Montessori program that offers both preschool and kindergarten options is a Godsend in these difficult times. For these reasons, the company is excited to announce its continued commitment to online programs for fall 2021.
