The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many well-known names gained their first national exposure as honorees on the Inc. 5000.

Rob Ash, CEO of T4S Partners said, “A little over 5 years ago, a group of individuals had a vision for a different type

of Consulting and Services company. We were able to put an incredible team in place to help execute this vision. Being recognized as a member of the Inc. 5000, 2021 list of America's Fastest-Growing Private Companies is an incredible accomplishment in our journey to make that vision a reality. Achieving a three-year revenue growth of 262% is an outstanding accomplishment, especially during a time of uncertainty. I am very proud of and thankful to our incredible team and their commitment to our client's success. We could not have achieved this accomplishment without our great clients and partners. Thank you all. We are in great company with such a distinguished group of innovative 2021 honorees.”

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved exceptionally resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.
