

Iglesia Ni Cristo's Christian Family Organizations Create Opportunities For Fellowship

How Iglesia Ni Cristo's Christian Family Organizations Are Bringing Congregations Together

TORONTO, , ONTARIO , CANADA, August 30, 2021 /EINPresswire.com/ -- Socialization is an important part of mental health and happiness, and [Iglesia Ni Cristo is working to ensure that](#) its members have a solid sense of community support within the Church.

Iglesia Ni Cristo's Christian Family Organizations work to help Church members connect with one another in their areas of interest, often while continuing to provide service to members of their community.

What Does The Bible Say About Socializing?

Getting together with others who share faith in Christ isn't just something that Iglesia Ni Cristo developed for its members — the importance of congregating with other believers is mentioned repeatedly in the Bible.

Proverbs 18:1 states, "Whoever isolates himself seeks his own desire; he breaks out against all sound judgment." The importance of this verse is clear: believers need to come together and support one another, rather than live in isolation.

Socialization and Mental Health During COVID

Many people have found that their mental health has taken a toll over the past year due to ever-changing COVID restrictions, and (safely) participating in a social group can help.
