Ntooitive Digital Named One of America's Fastest-Growing Private Companies on the Inc. 5000 for Second Year in a Row

LAS VEGAS, NV, USA, August 24, 2021 /EINPresswire.com/ -- Ntooitive Digital, an award-winning advertising technology company bridging the gap between business intelligence, security, data-driven digital marketing and analytics, today announced it has been named to Inc. magazine's annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. This is the second consecutive year Ntooitive has appeared on the Inc. 5000.

"We have emerged stronger from the COVID-19 crisis, which is a true testament to the value we are delivering to customers in the most critical ways and at the most critical times," said Ryan Christiansen, co-founder and CEO. "Ntooitive is enabling its customers to adapt and thrive in any situation, offering them the most complete platform to run their business successfully."

The annual list represents a unique look at the most successful companies within the American economy, particularly amid a year of extraordinary challenges brought about by the coronavirus pandemic.

"The crisis has shifted us into a new place and a new sense of purpose," said Vikas Khorana, president, co-founder and CTO. "The hallmark of a successful company, especially an Inc. 5000 company, is nonstop reinvention. There still is so much to learn—however, we've emerged from the pandemic transformed by new products, services, and market opportunities."
