Great Place to Work® Institute certifies Systematix as one of the great workplaces to work in India

CHARLOTTE, NC, USA, August 26, 2021 /EINPresswire.com/ -- Built on a strong people foundation served by progressive work culture, Systematix has grown significantly over the years to be an organization that builds careers.

The company's considerate act of establishing people-oriented welfare schemes and providing for fair and standardized work policies has been known for a long. Now the company has been bestowed with a certified recognition titled 'Great Place To Work®' from Great Place to Work® Institute, India for our team as they have excelled on the 5 dimensions that are a hallmark of a High-Trust, High-Performance Culture™ – Credibility, Respect, Fairness, Pride and Camaraderie.

Great Place to Work® is believed to be the 'Gold Standard' in workplace culture assessment and recognition. In a rigorous assessment process led by the Great Place to Work® Institute, Systematix Infotech met the criteria on the Trust Index© Employee Survey and on the Culture Audit© People Practices Framework for getting Great Place to Work-Certified™.

As a certified organization, Systematix Infotech is also eligible to be considered among 'India's Best Companies to Work For' – a list that features the 'Best of the Best'.

This recognition coming from the global authority of research in the field of work cultures is a matter of big accomplishment for Systematix Infotech.
