

Global General Communication Equipment Market Report Market Trends, Strategies And Opportunities In The Market 2021-2030

The Business Research Company's General Communication Equipment Global Market Report 2021: COVID-19 Impact And Recovery To 2030

LONDON, GREATER LONDON, UK, August 26, 2021 /EINPresswire.com/

-- According to the new market research report 'General Communication Equipment Global Market Report 2021: COVID-19 Impact And Recovery' published by The Business Research Company, the [general communication equipment market](https://www.thebusinessresearchcompany.com/sample.aspx?id=2733&type=smp) is expected to grow from \$2.53 trillion in 2020 to \$2.65 trillion in 2021 at a compound annual growth rate (CAGR) of 4.8%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$3.34 trillion in 2025 at a CAGR of 6%. Stringent government regulations and mandates contribute to the general communication equipment market's growth.
