

The Advocate Urges a Family of a Navy Veteran Who Now Has Lung Cancer in Ohio and Had Navy Asbestos Exposure to Call Attorney Erik Karst of Karst von Oiste About Compensation-It Might Be \$100,000+

CLEVELAND , OHIO, USA, October 22, 2021 /EINPresswire.com/

-- The Ohio US Navy Veterans Lung Cancer Advocate says, "If your husband or dad has just been diagnosed with lung cancer in Cleveland, Columbus, Cincinnati, Youngstown Dayton, or anywhere in Ohio please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 if during his time in the navy he had significant exposure to asbestos on any type of navy ship, submarine or at a navy shipyard. A financial compensation settlement package for a person like this might exceed \$100,000 and the claim in no shape or form involves suing the navy. In addition, it does not matter if the person ever smoked cigarettes.

"What does matter is a Navy Veteran who has recently been diagnosed with lung cancer can recall some of the specifics of how, where and when they were exposed to asbestos in the navy. It is this information that will become the foundation for a compensation claim as attorney Erik Karst of Karst von Oiste is always happy to discuss anytime at 800-714-0303."

“

Most people who have lung cancer do not realize that the \$30 billion dollar-asbestos trust funds were set up for them too-if prior to 1982 they had exposure to asbestos in the navy or at work."

Important note from the US Navy Veterans Lung Cancer Advocate: "Most people who have recently developed lung cancer do not realize that the \$30 billion dollar-asbestos trust funds were set up for them too if prior to 1982 they

had heavy or extreme exposure to asbestos in the navy or at work."

Ohio US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Columbus, Cleveland, Cincinnati, Toledo, Akron, Dayton, Youngstown, or anywhere in Ohio. <https://Ohio.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Ohio include Veterans of the US Navy, civilian workers at Wright Patterson Air Force Base, workers at one of Ohio's dozen-plus power plants, auto assembly plant workers, automobile tires factory workers, public utility workers, plumbers, welders, millwrights, insulators, pipefitters, electricians, coal miners, auto mechanics, machinists, and construction workers. Typically, exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoiste.com/

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303-the compensation for a person like this might exceed \$100,000." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoiste.com/
