

East View Map Link Acquires Midwestern Map Publisher and Distributor Lakemaps

MINNEAPOLIS, MN, UNITED STATES, August 27, 2021 /EINPresswire.com/ -- East View Map Link (evmaplink.com) is pleased to announce our latest acquisition of Lakemaps, a midwestern map publisher and established distributor focused on fishing maps and guides for hundreds of lakes in the United States.

Lakemaps was established in 1978 as a regional map publisher focused on the production of lake and river maps for anglers and outdoorsmen. Over the past 43 years, Lakemaps has published hundreds of maps covering bodies of water in Minnesota, Wisconsin, Iowa and Illinois and became a prominent distributor for other recreational maps and atlases including Fishing Hot Spots, Sportsman's Connection, All Outdoor, DeLorme, and more. A product line which began as hand-drawn maps on index cards has grown into a flourishing line of product offerings including durable plastic maps, multi-map sets, large Paper Area Lakemaps (PAL) and EZ Weigh Rulers for measuring and estimating the weight of a fish after a successful catch.
