

# Plnar Completes SOC 2 Type I Certification

*Plnar has successfully completed its 2021 Service Organization Control (SOC) 2 Type 1 audit, which ensures compliance with the leading industry standards.*

AUSTIN, TX, USA, August 31, 2021 /EINPresswire.com/ -- Plnar, an AI software provider for the

“

It's important to us that our customers in highly regulated industries can be confident we are making the investment to maintain the highest level of security and regulatory compliance.”

*Andy Greff, CEO*

property insurance and home improvement verticals, today announced the successful completion of its 2021 Service Organization Control (SOC) 2 Type 1 audit, which ensures compliance with the leading industry standards for managing enterprise data.

The voluntary independent audit conducted by The Moore Group, CPA, further affirms Plnar's commitment to information and data security practices, ensuring policies, procedures and operations not only meet, but exceed the industry standards for security, availability, and

confidentiality.

“Earning a Type 1 certification reflects our continued commitment to our customers' security” said Andy Greff, CEO of Plnar. “It's important to us that our customers in highly regulated industries can be confident we are making the investment to maintain the highest level of security and regulatory compliance.”

The official audit report provides a thorough review of Plnar's internal controls, policies, and processes. It also reviews Plnar's entire IT infrastructure, software development life cycle, change management, logical security, network security, physical & environmental security, and computer operations. Plnar will be completing (SOC) 2 Type 2 within the next 6 months.

A copy of the SOC 2 audit certification is available to clients and prospective clients on demand.
