About First Tee St Pete:

The mission of First Tee is To impact the lives of young people by providing educational programs that build character, instill life-enhancing values and promote healthy choices through the game of golf.

In 1997, a partnership among the LPGA, the Masters Tournament, the PGA of America, the PGA TOUR, and the USGA looked to answer the question of "Why aren't kids playing golf?" a thing of the past. To find the answer, they formed the First Tee. First Tee started as a way to bring an affordable junior golf program to youth and communities that did not have them. What First Tee soon discovered was that blending the rules of the game with life and leadership skills, kids and teens didn't just learn how to putt – they were learning important values.
