promising growth and momentum. This exciting award is presented based on a combination of total revenue and revenue growth for at least two years of operation, vetted by Squire and Co to ensure financial accuracy.

Blue Raven Solar's growth over the lifetime of operation has been astronomical, with recent recognition from the Financial Times's list of The America's Fastest Growing Companies and Inc. Magazine's America's Fastest-Growing Private Companies. The Utah Business Magazines' Fast 50 is another testament to past growth and potential for the

future. Out of thousands of companies in the state of Utah, only 50 appeared on the list, and Blue Raven Solar is thrilled to be featured in the Top 15 for a third consecutive year. □

□“Blue Raven Solar has seen incredible growth and shows so much promise as we move forward,” says Ben Peterson, CEO. “More and more people are seeing that solar energy is the future, and we are proud to be able to help so many homeowners make the switch and save thousands.”
