

Antioxidants Market to garner \$4,531 million by 2022, growing at a CAGR of 6.42%

Antioxidants market is segmented based on type and geography. Synthetic antioxidants segment is projected to dominate during the forecast period.

PORTLAND, OR, UNITED STATES,
September 2, 2021 /EINPresswire.com/

-- [Antioxidants](#) are used as vitamin supplements in pharmaceutical industry and help in preserving food products. The global antioxidants market is poised to witness significant growth during the forecast period owing to decrease in their costs, increase in investment & product approval by regulatory authorities, and increase in their demand in the food & beverage industry. In addition, developed economies have discovered new growth opportunities by shifting their focus on natural antioxidants such as rosemary extract. Conversely, Asia-Pacific is expected to show growth in the demand for synthetic antioxidants during the forecast period.

Global Antioxidants Market was valued at \$2,923 million in 2015 and is expected to reach \$4,531 million by 2022, registering a CAGR of 6.42% during the forecast period.

Get detailed COVID-19 impact analysis on the Antioxidants Market:

Healthcare sector is a promising market for antioxidants due to their widespread applications in blood pressure management, celiac disease treatment, and liver transplantation procedures.

Antioxidant is one of the major ingredients used in the food & beverage industry. It is used in the dairy farming industry in animal feed additive to improve the yield of milk. Increase in demand for synthetic antioxidants and rosemary extract, plummeting costs of antioxidants, and rise in demand for antioxidants in the food & beverage industry are expected to fuel the market growth

during the forecast period.

Natural antioxidants have been gaining popularity in the developed economies, as they are more effective and less toxic. The rosemary extract segment is anticipated to witness the highest growth potential, and create lucrative opportunities for market players in the near future.
