ORLANDO, FLORIDA, USA, September 2, 2021 /EINPresswire.com/ -- [Pallavi Chhelavda](#) is one of the most revered and well-reputed [Vastu](#) consultants in the USA. Vastu Feng Shui is a Vedic way of life, organizing various aspects of physical spaces from construction to décor to align with principles that benefit them.

Certain principles are more general, such as the favorable position of offices in North Eastern corners and bedrooms being in the South-Western, while others are more individualized. Following in-depth astrological analyses, Vastu experts such as Chhelavda recommend residents about what their rooms, furniture, décor, and other details should be.

people in their personal and professional lives.

Her services include detailed consultations and recommendations to clients looking to create more viable futures for themselves and improve the outcomes of their decisions and actions.

A client shared her review of Chhelavda's services, saying:

"My marriage was suffering, my home never felt peaceful, and both my husband and I found ways to escape by burying ourselves in work. After a friend recommended Pallavi to us, we called her for a consultation, and that was it. She helped us move into a different apartment and follow Vastu principles in decorating and setting up our new home. Since the move, we've been happier, our relationship is the best it's been in five years, and we couldn't be more grateful."
