proud to announce the first-ever Honey Crisp Apple Festival beginning Sept. 18. It's guaranteed to be filled with fresh apples and plenty of family fun for two weekends.

“Fall is the perfect time to pick fresh ripe apples at Swan's Trail farms,” Nate Krause said. “We pulled out all the stops for this first-ever Honey Crisp Festival event. People know we already have lots of fun adventures for children and family, but you've never seen anything like this.”

People pick their own Honeycrisp apples from the farm's

orchard and enjoy all the fun activities. Dates may change depending on the ripeness of the apples.

The farm is showcasing their pre-WW2 cider mill, which will be open to the public so they can see how apple cider is made. Children twist and turn their way around a 3-story hay maze.

Everyone had dreams of being a prospector during the big gold rush. Swan's Trail Farms makes your dream come true with a gem mining area.

Anyone looking to go on the wild side can try out 5 80-foot ziplines that are fast and furious.

The festival is unlike anything we've had before and we're introducing lots of new activities for non-stop family fun,” Krause said. “It's the perfect lead-in to our fall season and the upcoming pumpkin patch.”

In addition to all the new activities, the farm still offers fan favorites like Washington State Corn Maze, wagon and hayrides, petting farm, and the live duck and pig races.
