compensation for a person like this might exceed \$100,000 and the claim does not involve suing the navy. In addition, it does matter if the person smoked cigarettes. What does matter is the Navy Veteran can recall some of the specifics of their exposure to asbestos.

According to the Advocate, "If you are a Navy Veteran with recently diagnosed lung cancer in Phoenix, Tucson, Prescott, Gilbert, or anywhere in Arizona and if prior to 1982 you had significant exposure heavy to extreme exposure to asbestos on a navy ship, submarine or at a shipyard please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303. As mentioned,

compensation for a person like this might be significant. The law firm of Karst von Oiste specializes in assisting people who have developed lung cancer after being exposed to asbestos in the navy or at work decades ago. www.karstvoniste.com/

The US Navy Veterans Lung Cancer Advocate is offering to assist people with asbestos exposure lung cancer in Phoenix, Tucson, Mesa, Chandler, Glendale, Gilbert, Tempe. Peoria, Prescott or anywhere in Arizona. www.karstvoniste.com/

Individuals in the state of Arizona could have been exposed to asbestos while working at a power plant, at an industrial facility, at a steel mill, at an automobile manufacturing facility, at a chemical plant, as a plumber, a boiler technician, as an auto repairman, as an electrician, or in the construction industry. In most cases, the exposure to asbestos caused mesothelioma at one of these types of workplaces and the exposure took place in the 1950's, 1960's, 1970's, or 1980's. Mesothelioma or asbestos exposure lung cancer typically takes three to five decades to appear. <https://Arizona.USNavyLungCancer.Com>

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." [https:// USNavyLungCancer.Com](https://USNavyLungCancer.Com)

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer in Arizona. www.karstvonoiste.com/

For more information about asbestos exposure lung cancer and mesothelioma please visit the CDC's website on these topics: https://www.atsdr.cdc.gov/asbestos/health_effects_asbestos.html.
