

ONE-STOP SOURCE SOLAR EQUIPMENT SUPPLIER ANNOUNCES ITS US PRESENCE

CHICAGO, ILLINOIS, UNITED STATES,
September 21, 2021 /
EINPresswire.com/ -- Today, [Lucid Solar](#), a global solar PV (Photovoltaics) distributor launches in the US market, with the headquarters located in Illinois. The Company supplies some of the world's best known, full line high end [solar products](#), from panels and inverters to mounting and accessories.

LUCID SOLAR is here to disrupt the Solar Market

“

Our modules are the most advanced, efficient and affordable ones you can find in the market”

*Charles Meitus, the CEO of
LUCID SOLAR*

Established in 2013, Lucid Solar is a global solar PV distributor, supplying high quality and excellent value solar solutions to the market. The company has a variety of choices for the customers by offering a range of technologies, price points and services.

The Company offers:

-NEXT DAY DELIVERY TO THE DOOR in LARGE QUANTITIES:
Delivery of solar equipment is done on a daily basis from

the Company's own warehouse

-COMPETITIVE PRICING IN WHOLESAL AND RETAIL

-SOLAR FINANCING:LUCID SOLAR offers NET PAYMENT TERMS for power and energy projects, INSTALLERS and businesses located in the U.S.

-TIER 1 PRODUCTS:LUCID SOLAR offers state of the art, high efficiency panels.

-ABILITY TO supply UTILITY SCALE PROJECTS: The Company is a Tier 1 licensed OEM contract manufacturer with facilities in 3 continents and has delivered 2,200MW to date. Their cumulative production capacity is 5.1GW annually with 2GW in Cambodia, 1.7GW in Vietnam, and 1.4GW in Turkey.

[Charles Meitus](#), the CEO of LUCID SOLAR stated: “I am very excited to announce that we started offering a full line of solar products from solar panels, and solar inverters to solar batteries. We pride ourselves on our customer service in terms of taking care of you from the beginning of the project to the end! Our team has extensive knowledge on all products we stock and regularly partake in product training. With employees from different nations around the world, we achieved a strong global presence, and we are happy to bring the expertise and high quality to

the US market. I can easily guarantee you that our modules are the most advanced, efficient and affordable ones you can find in the market”.
