

# Organic Cotton Mart Adds Linen Bread Bags to its Online Store of Certified Organic Cotton Products

*One of the nation's finest company's selling 100 percent certified cotton products has expanded its online store.*

FREDERICKSBURG, VIRGINIA, UNITED STATES, September 7, 2021 /EINPresswire.com/ -- Representatives with [Organic Cotton Mart](#) today announced that it has added [Linen Bread Bags](#) to its online store of certified organic cotton products.

"Our Linen Bread Bags are for the bakers in your life," said James Emmanuel, managing partner and spokesperson for Organic Cotton Mart, a company that sells only 100 percent certified organic cotton products.

Emmanuel revealed that its online store now features two bags measuring 12 x 15, and two bags measuring 29 x 7.

"The bags are equipped with breathable organic linen and is sure to keep bread fresh," Emmanuel said.

Organic Cotton Mart, which recently redesigned its store of organic cotton products, also offers reusable cotton produce bags to other farms and stores that are willing to purchase them at a wholesale price.

Emmanuel explained that for its wholesalers, the company provides a discounted rate as well as free shipping US-wide. Its cotton bags are made from 100 percent certified organic cotton. They are reusable, washable, foldable, and made from natural cotton without any dye or bleach.

The company spokesman reiterated that Organic Cotton Mart's products are made of 100 percent [GOTS](#) certified organic cotton.

The Global Organic Textile Standard (GOTS) is the worldwide leading textile processing standard for organic fibers, including ecological and social criteria, backed up by independent certification of the entire textile supply chain.

According to GOTS, "The aim of the standard is to define worldwide recognized requirements that ensure organic status of textiles, from harvesting of the raw materials, through environmentally and socially responsible manufacturing up to labeling in order to provide a credible assurance to the end consumer. Textile processors and manufacturers are enabled to export their organic fabrics and garments with one certification accepted in all major markets."

The addition of Linen Bread Bags to Organic Cotton Mart's online store of certified organic cotton products also come on the heels of the recent launch of its Guide to a Zero Waste Lifestyle (<https://www.organiccottonmart.com/pages/zero-waste-lifestyle>). Emmanuel explained that in simple terms, a zero-waste lifestyle is a style of life where one is encouraged to minimize his or her generation of waste and use goods that can be recycled.

"The ultimate aim of this kind of a lifestyle is that there should be no waste to send to landfills, oceans or other places which could pollute the environment starting from an individual level," Emmanuel said, before adding, "It's a pro-green lifestyle."
