

# SixthUp Announces the Launch of 2021 Cloud Benchmark Survey to Help Organizations Evaluate their Cloud Maturity

CALIFORNIA, UNITED STATES, September 8, 2021 /EINPresswire.com/ -- [SixthUp](#), a US-based consulting firm that provides [cloud](#) services, emerging tech, and digital transformation solutions announced the launch of its 4-minute quick cloud maturity survey for organizations across industries.

The survey will help CIOs, CSOs, and cloud architects to evaluate their cloud maturity as it relates to their peers. Respondents will receive the personalized report benchmarking their organization's cloud maturity with their peers and can benefit from detailed guidance tailored to

SixthUp cloud experts have created this survey to help organizations identify gaps and thereby enable them to focus on accelerating their digital transformation journey."

*Ashish Choudhary, CEO - SixthUp*

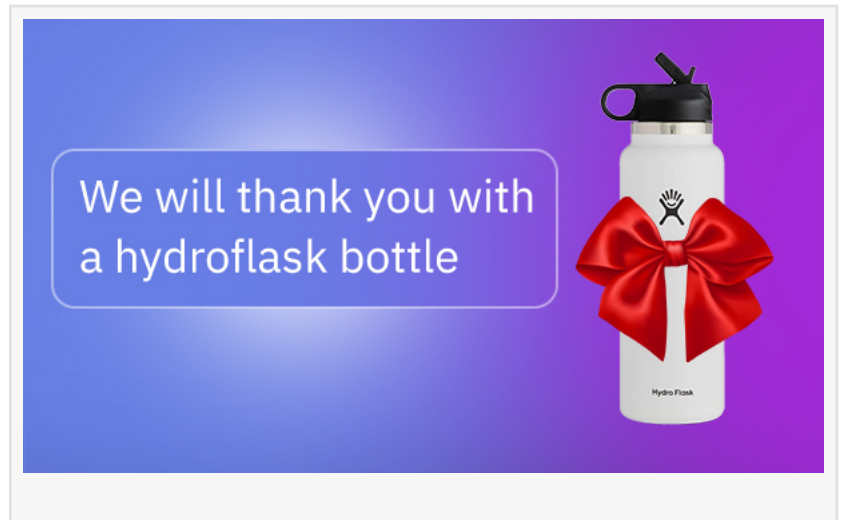

their organization's business needs. In addition to that, SixthUp is also providing the respondents with free Hydro Flask Water Bottles\* as a thank you for completing the survey.

SixthUp recommends its M & G Lens to organizations looking for a detailed audit of their cloud maturity, which is a discovery-based accelerator that helps assess Cloud Management and Governance capabilities and provides tailored recommendations to ensure that an organization's cloud infrastructure is secure, compliant, and cost-effective.

Chris Whitehead, Cloud expert at SixthUp says, "Cloud governance is an iterative process. As the cloud estate changes over time, so do cloud governance processes and policies. SixthUp survey helps CIOs, CSOs, and Cloud architects to evaluate their cloud maturity enabling them to get ahead of their adoption plan and prevent risks."

Ashish Choudhary, CEO - SixthUp, states that "Cloud strategy is engaged by 74% of business leaders and is seen as an engine of growth and innovation. However, 53% of companies fail to

realize substantial value from their cloud investment due to the lack of a proper evaluation or benchmark. Security, compliance, architecture, manageability, service levels, support, and cost are principal parameters to consider when assessing your cloud management and governance capabilities. SixthUp cloud experts have created this survey to help organizations identify gaps and thereby enable them to focus on accelerating their digital transformation journey.”

SixthUp’s suite of offerings includes cloud, data, analytics, AI and machine learning, web application development, and automation services backed by accelerators for digital transformation, data analytics, and insights.
