About the Founder:

Marie Preval is an experienced health care professional with more than 13 years of experience in nursing and taking care of others. The Registered Nurse completed her BSN (Bachelors of Science in Nursing) from Florida Agricultural and Mechanical University and opted for MSN (Masters of Science in Nursing) from South University. She later became a CCRN (Critical Care Registered Nurse) and ANP-C (Adult Nurse Practitioner-Certified).

From the young age of nine, Marie witnessed her mother tirelessly taking care of her grandmother after her stroke while taking care of her own family simultaneously. Her mother suffered from caregiver fatigue, yet she did not opt for Marie's grandmother to be shifted to an assisted living facility. Her mother's sheer dedication and lovingness got ingrained in Marie, and she answered her true calling by starting a journey into health care as a Nurse.

Marie chose to establish Prevail Homes Residential Assisted Living Facility for the elderly due to her childhood experience and her special attachment with the elderly; she bonds quickly with and is passionate about taking care of them.
