

Govenda by BoardBookit Announces New Software Release

Govenda Survey Analytics includes new data collection and report generation capabilities that streamline processes, saving board administrators' time.

PITTSBURGH, PA, UNITED STATES,
September 8, 2021 /EINPresswire.com/

-- [Govenda By BoardBookit](#) has deployed a new global release of its board management software, with features that simplify and automate

the analysis and reporting of survey results. The results can be exported for use in reports, regulatory disclosures, presentations, and more.

Key features include:

- An integrated system for the creation, deployment, response, and analysis of surveys.
- The analysis is automatic, and the results can be customized to users' preferences, such as bar charts and pie charts.
- The same rigorous security protocols as the Govenda platform, including highly encrypted data.
- Easily export well-designed and visually appealing tables in PDF or PNG formats, to include in spreadsheets, presentations, and reports.

"The [Govenda Survey Analytics](#) tool enables enhanced levels of transparency and disclosure to investors, other stakeholders, and regulators," said Marion Lewis, Co-Founder of Govenda. "It facilitates communication and organizational compliance, in particular with respect to ESG and DE&I."

The update also features the ability to duplicate past surveys, questionnaires, and disclosures—even board assessments and reviews—further simplifying the process for members and committees.
