The objectives of this study are as follows:

- To define, describe, and forecast the patient positioning system market on the basis of products, application, end user, and region
- To provide detailed information regarding the major factors influencing growth of the market (drivers, restraints, opportunities and challenges)
- To strategically analyze micromarkets with respect to individual growth trends, prospects, and contributions to the overall market
- To analyze the opportunities in the market for stakeholders and provide details of a competitive landscape for market leaders
- To forecast revenue of the market segments with respect to four main regional segments, namely, North America, Europe, Asia-Pacific, and the Rest of the World (RoW)
- To profile key players and comprehensively analyze their market shares and core

competencies in terms of market development and growth strategies

- To track and analyze competitive developments such as agreements, collaborations, and partnerships; acquisitions; and product launches in the [patient positioning equipment market](#)

Competition Tracking

The report has also outlined the competitive landscape of the global market for patient positioning systems, which includes

- Mizuho OSI
- EON AG
- RAD
- Elekta AB(publ)
- Skytron
- Span-America Medical Systems Inc.
- STERIS plc.
- Stryker Corporation
- Hill-Rom Inc.

Segments Covered in the Report

This report forecasts revenue growth and provides an analysis of the latest industry trends in each of the sub-segments to 2025. For the purpose of this study, Fact.MR has segmented the global patient positioning systems market on the basis of product, application, end-use, and region:

Product Outlook (Revenue, USD Million, 2025)

- Tables
- Accessories

Application Outlook (Revenue, USD Million, 2025)

- Surgery
- Diagnostics
- Other

End-use Outlook (Revenue, USD Million, 2025)

- Hospital
- Ambulatory Centers
- Other

This report aims to provide insights into the global patient positioning systems market. It provides valuable information on patient positioning systems product, application and end user. Details on regional markets for these segments are also presented in this report. In addition, leading players in the market are profiled to understand the strategies undertaken by them to be competitive in this patient positioning system market.

Target Audience for this Report:

- Patient positioning systems devices manufacturers
- Patient positioning systems accessories manufacturers
- Patient positioning systems product distributors
- Various research and consulting companies
- Operating room equipment manufacturers
