A: Anyone over the age of 18. There are no location restrictions. Makers, gamers, virtual space enthusiasts, and creative minds everywhere!

Q: Can I write under a penname?

A: Yes! You can use your real name on your HN profile, a fake name, or even create a persona to write under. You can also enter the contest as both an individual or as a company writing under a branded account.

Q: How Long Will the Contest Run?

A: 3 Months (each round lasts 1 month and winners are announced at the end of each month)

Round 1: August 1 - August 31, 2021: Winning Writers Announced!

Round 2: September 1 - September 30, 2021

Round 3: October 1 - October 31, 2021

Q: Can I submit more than one entry to the contest?

A: Yes. Contestants can submit as many #gaming-metaverse stories as they want each month. The more the merrier; the more you submit, the more chances you have of winning.

Q: How are the winners selected?

A: Each month, we'll take the top 10 story submissions that generated the most traffic. Those 10 stories will be voted on by HackerNoon staff and the 5 stories with the most votes win.

Q: Can I win more than one prize?

A: Yes! If you submit multiple stories, each has the chance to win. Nominees are selected by total traffic each month and then voted on by our team. If 2 of your submitted stories that month are in the top 10 most-trafficked that month, both of them are eligible to win a prize. This means you could potentially bag both first and second place in the contest if 2 of your stories make it to the top 10.

A: Absolutely! Please feel free to enter each round of the competition
