

# Global Analytical Laboratory Instrument Market Trends, Strategies, And Opportunities In The Market 2021-2030

*The Business Research Company's Analytical Laboratory Instrument Global Market Report 2021: COVID-19 Impact And Recovery*

LONDON, GREATER LONDON, UK, September 13, 2021

/EINPresswire.com/ -- According to the new market research report '[Analytical Laboratory Instrument Global Market Report 2021: COVID-19 Impact And Recovery](#)' published by The Business Research Company, the analytical laboratory instrument market is expected to grow from \$87.96 billion in 2020 to \$92.55 billion in 2021 at a compound annual growth rate (CAGR) of 5.2%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$123.83 billion in 2025 at a CAGR of 8%. The growing life science industry is expected to drive the market for analytical laboratory instruments.

The analytical laboratory instruments market consists of sales of analytical laboratory instruments and related services. These instruments are used in laboratory analysis of the chemical or physical composition or concentration of solid, liquid, gaseous, or composite material. Analytical instruments are a large class of instruments used in chemical, pharmaceutical, life-sciences, food processing labs and oil refineries for testing the samples.

Trends In The Global Analytical Laboratory Instrument Market

Companies in the analytical laboratory instruments market are manufacturing equipment with ability to record data and provide to the cloud. The use of cloud technology will assist scientists

The analytical laboratory instruments are used in laboratory analysis of the chemical or physical composition or concentration of solid, liquid, gaseous, or composite material. Analytical instruments are a large class of instruments used in chemical, pharmaceutical, life-sciences, food processing labs and oil refineries for testing the samples.

**Rapid Growth In Life Science Industries Is The Main Driver Of The Market**

Expected Growth Rate Through 2023

## 7.3%

Companies in the analytical laboratory instruments market are manufacturing equipment with the ability to record data and provide it to the cloud. The use of cloud technology will assist scientists in sharing the results sooner. Incorporating such technology in the equipment will help complete the research sooner, reduce manual work, and makes the research cost-efficient.

Expected Market Size By 2023

## \$124.41 Billion

### Analytical Laboratory Instrument Global Market Report 2021: COVID-19 Impact And Recovery

in sharing the results sooner. For instance, TetraScience, a technology company that provide platform for data integration, developed a technology to integrate the lab equipment that collects data continuously and provide to the cloud. This will help monitor the equipment in real time and provide accurate results making the research complete faster. Incorporating such technology in the equipment will help complete the research sooner, reduce manual work and makes the research cost efficient.

#### Global Analytical Laboratory Instrument Market Segments:

The global analytical laboratory instrument market is further segmented based on type, end-user, application and geography.

By Type: Element Analysis, Separation Analysis, Molecular Analysis

By End-User: Hospitals, Diagnostic Laboratories, Pharmaceutical, Biotechnology

By Application: Research, Clinical, Diagnostic, Others

By Geography: The global analytical laboratory instrument market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.

Analytical Laboratory Instrument Global Market Report 2021 is one of a series of new reports from The Business Research Company that provides analytical laboratory instrument market overviews, analyzes and forecasts market size and growth for the global analytical laboratory instrument market, analytical laboratory instrument market share, analytical laboratory instrument market players, analytical laboratory instrument market segments and geographies, analytical laboratory instrument market's leading competitors' revenues, profiles and market shares. The analytical laboratory instrument market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

Read Analytical Laboratory Instrument Global Market Report 2021 from The Business Research Company for information on the following:

Data Segmentations: Market Size, Global, By Region And By Country; Historic And Forecast Size, And Growth Rates For The World, 7 Regions And 12 Countries

Analytical Laboratory Instrument Market Organizations Covered: Agilent Technologies, Waters Corporation, Thermo Fisher Scientific, Danaher Corporation, SP Industries, PerkinElmer, Danaher Corp, Chemglass Life Sciences Inc., Citotest Labware Manufacturing Co. Ltd., Kimble Chase, Scilabware Ltd., Bio-Rad Laboratories.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Here is a list of reports from The Business Research Company similar to the Analytical Laboratory Instrument Global Market Report 2021:

Laboratory Automation Systems Global Market Report 2021 - By Equipment & Software (Automated Liquid Handling, Microplate Readers, Standalone Robots, Automated Storage And Retrieval Systems, Software And Informatics, Other Equipment), By Application (Drug Discovery, Clinical Diagnostics, Genomics Solutions, Proteomics Solutions, Other Applications), By End User (Biotechnology And Pharmaceutical Industries, Research Institutes, Hospitals And Private Labs, Academic Institutes), By Type (Modular Automation, Total Lab Automation), COVID-19 Growth And Change

<https://www.thebusinessresearchcompany.com/report/laboratory-automation-systems-global-market-report>

Laboratory Mixer Global Market Report 2021 - By Product (Shakers, Magnetic Stirrers, Vortex Mixers, Conical Mixers, Overhead Stirrers, Accessories), By Platform (Digital Devices, Analog Devices), By Operability (Gyratory Movement, Linear Movement, Rocking Or Tilting Movement, Orbital Movement), By End-User (Research Laboratories And Institutes, Pharmaceutical And Biotechnology Companies), COVID-19 Growth And Change

<https://www.thebusinessresearchcompany.com/report/laboratory-mixer-global-market-report>

Laboratory Freezers Market - By Temperature (-20°C To -40°C, -40°C To -80°C, Less Than -80°C), By End User (Biobanks And Blood Banks, Pharmaceutical And Biotechnology Companies, Hospitals, Pharmacies And Diagnostics Centers) And By Region, Opportunities And Strategies – Global Forecast To 2030
