Even though the company originated from America, it's deploying resources and making investments all over the globe. PCH's investment horizon extends as far as ten years in the future.

About holding companies:

Holding companies do not have in-house products or services that they can sell to their customers. Instead, such firms purchase and hold shares of other companies to earn revenue for themselves and their stakeholders.

PCH group is currently providing the following services:

1. Corporate financing

Pursuing the goal to provide excellent value to its customers, PCH is providing several corporate financing services. These include fundraising, corporate restructuring, M&A, and transaction services.

2. Professional consulting

To help its clients take the proper steps in business and finance, PCH is providing professional consulting services directly related to management and marketing.

3. Investment

One of the headline services of PCH is its investment capability. The group has years of experience in investing in companies from different sectors to make respectable gains. Plus, it has a vast network that expands the opportunities its clients can leverage.

4. Project management

PCH is helping its clients handle projects from a wide array of industries, including but not limited to real estate and mining. The team's distinctive experience in various industries lets PCH help its customers to make the right decisions.

5. Raising capital

The PCH group is now also providing capital raise services to its entrepreneurial clients. It offers bonds, helps with liquidity and asset-based lending.
