“We certainly celebrate reaching this milestone as an organization, but most important is the positive impact that has resulted from working with our clients as partners,” said Tammy Tiller-Hewitt, FACHE, Chief Executive Officer of Tiller-Hewitt HealthCare Strategies. “These healthcare organizations play such an important role in their [communities across the United States](#). "The Tiller-Hewitt team consistently instills confidence, engages deeply and enhances growth that aligns with our business goals. From partnering successfully with Tiller-Hewitt over two decades, they have built a strong culture of motivation, respect and accountability to help teams achieve top performance."

T. Steen Trawick Jr., MD, SFAM, CEO/CMO, CHRISTUS Health Shreveport-Bossier

"One of the best collaborations I have been a part of was having Tiller-Hewitt work with CHRISTUS and Sound Physicians to get everyone involved to improve physician engagement and retention. Tammy Tiller-Hewitt was a tremendous facilitator and went far beyond a traditional SWOT analysis process to create and execute action steps that had immediate impact."

T. Raymond Foley III, M.D., MBA, FACP, AGAF President, PENN MED, Lancaster General Health Physicians

"When other leaders ask me why I select Tiller-Hewitt, I simply say 'because Tiller-Hewitt is the best.'"

Mike Finley, MD, Regional Chief Medical Officer, CHRISTUS St. Michael Health System

"Our 100 Top Hospital and Everest awards should have your name on them! From our first meeting 20 years ago, when you were promoting your Physician Liaison Support program, to our recent collaboration when you saved our hospitalist program, I have been amazed at what you have developed to provide the healthcare industry and hospitals in particular with strategies and structure and support so they can give outstanding patient care by providers who enjoy what they are doing. The Tiller-Hewitt Onboarding Program is a playbook every hospital should use for all new providers at every level. I find myself wondering why we did not do this many years ago and am amazed at the results."

Cameron McGregor, MSN, RN, FACHE, Chief Growth Officer, Ms. Medicine

"I've worked with Tammy for the last 15 years in many different roles and organizations. In our world which is traditionally filled with linear thinking and scientific minds, the Tiller Hewitt physician relations program proves you can get measurable results from what are usually considered "soft" skills like relationship building. That program gave me a foundation I still pull from over a decade later. Congratulations on 20-years – and cheers to 20 more."

Craig Self, Chief Strategy Officer

"We partnered with Tiller-Hewitt to conduct an organizational growth readiness assessment that resulted in a launch of a professional Outreach Program as well as a Provider Onboarding Program for our 5-hospital health system. Both programs led to measurable results in growth, physician engagement and retention. Our investment showed a significant ROI. Tiller-Hewitt remains my go-to partner for strategic growth and physician-hospital relations."

Scott B. Johnson, Group Vice President for Strategy & Business Development, CHRISTUS Health, Louisiana and Southeast Texas

"Tiller-Hewitt HealthCare Strategies launched a professional outreach program that was tremendously successful and delivered significant value at a previous employer. I credit Tiller-Hewitt's systematic, accountability-focused strategic approach with helping us garner outstanding market-moving results across the board. The entire Tiller-Hewitt team was terrific to work with and was a primary reason this outreach program was so successful!"
