TensorIoT Announces Creation of Advisory Board

IRVINE, CA, UNITED STATES, September 14, 2021 /EINPresswire.com/ -- [TensorIoT](#), a global provider of intelligent edge and cloud computing services, today announced that they have welcomed a new Director of their advisory board, Peter Jackson. TensorIoT is working hard to make commitments to change both inside and outside of the organization.

"TensorIoT has an exceptional reputation in the industry for providing companies advanced technology consulting services," said Jackson. "I look forward to helping the company build on this strong foundation as it scales into other industries, services and products."

Peter Jackson is the current SVP of New Product Development and IT at Rehrig Pacific Company. After graduating with his masters from Stanford University, Jackson has worked globally with world class companies such as Bell Labs, UPS, Kids II and AutomationDirect and in a range of industries from logistics, consumer products, factory automation, and robotics. In addition to Product Development and R&D, Jackson has executive leadership experience in Business Development, Marketing, Brand Management, and global Manufacturing.
