

Modern Family Law Expands to Texas with New Office in Austin

New Austin firm focuses on today's modern families – solving family challenges through unique, empathetic solutions

AUSTIN, TEXAS, USA, September 14, 2021 /EINPresswire.com/ -- [Modern Family Law](#), a firm focused on a uniquely compassionate approach to family resolution, is proud to announce the opening of their new family law office in Austin, Texas. Lead counsel, Marie McGrath, brings 30 years of experience along with a new model and legal mentality – one created to foster comfort and support during one of the most challenging times in clients' lives, rather than escalating conflict for additional billable hours.

Managing Attorney, Marie McGrath

The new Modern Family Office is located conveniently near Mopac and Highway 183 at the Atrium Office Center. The team of experienced attorneys genuinely understand Austin and the issues of the community. They are already helping dozens of local families with the unique challenges facing today's modern family, such as COVID measures, child tax credits, grandparents' rights and new LGBTQ+ family law issues.

Managing attorney Marie McGrath brings an uncommon perspective to the practice of family law. She has an MBA in finance and more than 30 years of professional and legal experience. She also has a JD from the University of Houston and has worked for Fortune 500 companies as well as startups. Marie's broad experience allows an evolved vantage point. Her passion is helping people through the emerging issues facing today's modern family, which often requires a novel approach.

"We want to celebrate Austin families as well as help them through their toughest times," said

McGrath. "Our goal is to get families through their challenges as easily and quickly as possible. We work to reduce conflict and increase an equitable solution that gives all parties the best chance on a fresh start."

Families have changed a lot over the years and require strong advocates – those that understand both the challenges these changes have created inside the family structure and the continually updating laws that govern them.
