

# Barbers and Hair Stylist Were Hit Hard During the Pandemic – RSViP App to the Rescue with Online Booking for Clients

*RSViP is a free scheduling app that connects clients with qualified beauty professionals by changing the way appointments are being made.*

NEW YORK CITY, NEW YORK, UNITED STATES, September 21, 2021 /EINPresswire.com/ -- The COVID-19 pandemic has been a huge blow for several businesses. The old ways of working are not enough anymore and this has led to a closure of many

businesses. Needless to say, the beauty and wellness industry is no exception. This is more because this industry thrives on services that is dependent on proximity and the growing concern of the pandemic has led customers stay away from beauty services. This required a

change - a new way of doing business and giving customers that assurance that they are doing their part to ensure their safety. But to reach prospective clients a new platform was needed. And that's how RSViP comes into the picture.

Most companies have realize the old way of doing business is gone. Many industries have implemented new features in their business models that will keep them alive for future generations. Many companies such as Walmart, Publix, Restaurants and other retail businesses have

implemented contactless curbside pickup or expanded their delivery options. Statistics show that people have gotten extremely used to convenience and processes that are quick enough for them to get confirmation on whatever they are looking for. The concept of instant gratification is stronger than ever and consumers do not like to wait for having their daily needs met.

RSViP LLC is born out of the insight that a free scheduling app was always necessary because booking hair appointment online was always cumbersome. A hair salon booking app is the need of the hour so that clients can opt for their grooming session at any time. For businesses, RSViP is a boon because through this platform, they can reach their customers a lot easily.
