been selected for 2021 Best of Tampa

Award in the Computer System Security & Management category by the Tampa Award Program.

This marks the tenth consecutive year Data-Tech has received the award, placing the company in the Tampa Business Hall of Fame.

Each year, the Tampa Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small businesses through service to their customers and our community. These exceptional companies help make the Tampa area a great place to live, work, and play.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2021 Tampa Award Program focuses on quality, not quantity. Therefore, winners are determined based on the information gathered internally by the Tampa Award Program and data provided by third parties.
