

Chief of Staff to President Buhari welcomes Sheikh Mohamed Bayorh, Chairman of Alpha Group UAE

ABUJA, NIGERIA, September 14, 2021

[/EINPresswire.com/](https://EINPresswire.com/) -- Professor Ibrahim Gambari, Chief of Staff to Nigeria's President His Excellency Muhammadu Buhari, welcomed Alpha Group UAE Chairman Sheikh Mohamed Bayorh and his team to the Presidential Villa at Aso Rock, Nigeria. They met to review ongoing and potential development projects in Nigeria, specifically progress on the Gas Revolution Industrial Park project in Ogidigben, Delta State.

The Ministry of Petroleum Resources and the Nigerian National Petroleum Corporation (NNPC) will continue to work with the developer consortium-Alpha Grip Management Company (AGMC) to obtain the necessary gas feedstock to ensure the success of the project. Emphasizing the benefits of creating hundreds of thousands of jobs in the Niger Delta region, Mr. Gambari conveyed the Nigerian government's ongoing support for the largest gas-centric industrial park in Africa and its enhancement of President Buhari's gas-based industrialization program for the Republic of Nigeria.

In addition to his appreciation for Professor Gambari's support, Mr. Bayorh stated, "We are confident that under the leadership of President Buhari, his administration will execute the agreements necessary to advance the GRIP project and to further encourage an environment for significant investments as outlined in the recently passed Petroleum Industry Bill." Mr. David Shi, Deputy Chief Representative for Power China added, "We will continue to provide the engineering, financial, and technical support to ensure the success of this project."

During their meetings together, Professor Gambari and Mr. Bayorh considered a variety of projects that Alpha Group UAE is concentrating on in Nigeria, including investment opportunities for the banking, telecommunications, and infrastructure sectors with a date to be fixed soonest

for the wider Alpha Group UAE and AGMC teams to meet with Mr. President.
