Victims Center*

his very detailed approach to ensure a person like this receives the best possible compensation results. We have endorsed and we recommend attorney Erik Karst of Karst von Oiste because he is one of the nation's most skilled mesothelioma attorneys and he will know exactly what will be involved in a former oil refinery or chemical plant worker receiving the best possible financial settlement results.

"We need to emphasize that mesothelioma compensation is based on how, where and when a person with this

asbestos exposure cancer was exposed to asbestos. The more specific the person with mesothelioma can be about their asbestos exposure the better their compensation. Additionally, it is very common for former chemical plant or oil refinery workers to have worked in more than one facility. This too might increase the person's compensation, depending on the specifics of how they were exposed to asbestos at each workplace as attorney Erik Karst of Karst von Oiste is always happy to discuss anytime at 800-714-0303." www.karstvonoiste.com/

The Louisiana Mesothelioma Victims Center wants to emphasize there is a statewide initiative available to a diagnosed victim anywhere in Louisiana including communities such as New

Orleans, Baton Rouge, Shreveport, Lafayette, Lake Charles, Kenner, Bossier City, Monroe.
