

# Telehandlers Market Expected to Reach \$7.8 Billion by 2026

*Telehandlers Market Prediction by Leading Manufacturers, its Application and Types 2026*

PORTLAND, OR, UNITES STATES,  
September 17, 2021 /

EINPresswire.com/ -- Global [telehandlers market](#) size was valued at \$5,433.9 million in 2018, and is projected to reach \$7,821.4 million by 2026, growing at a CAGR of 4.5% from 2019 to 2026. A telehandler, also known as a telescopic handler, is a vehicle with a telescopic boom, fitted with various lifting accessories.

The growth in investments in development of telehandlers by manufacturers has encouraged fleet owners and rental companies to adopt this equipment. In addition, reduction in the utilization of heavy equipment decreases capital investments and maintenance costs for rental companies and fleet owners.
